

It is mandatory to obtain 35 hours contact education regarding project management to appear in the PMP exam. The PMP course hours may comprise content concerning the following:

- Project quality management
- Project scope management
- Project schedule management
- Project budget management
- Project communications management
- Project risk management
- Project procurement management
- Project integration management

The education requirements can be satisfied by obtaining training from any of the undermentioned education providers:

- PMI Registered Education Providers (R.E.P.s)

- PMI chapters
- Employer/company-sponsored programs
- Training companies or consultants (training schools)
- Distance-learning companies
- University/college education programs

The following education does not fulfill the training requirements:

- PMI chapter meetings
- Self-directed studying (reading books, watching videos)
